Subject: TASC Call Agenda

[Ringwood Conference Call Agenda \(CAG TASC program\) 3-1-17.pdf](#)

Hi all,

Please find attached EWA's agenda for today's 10:30 am conference call; Bob Spiegel and I worked on this agenda as no structure for the call has been provided. We wanted to maximize our time and energy so that this call will be meaningful and address some of the serious deficiencies in how EPA and the contractors have been interacting with the community and other stakeholders.

Respectfully,

Shannon Lisa
Program Director
Edison Wetlands Association
